

# TRANSITION OF CARE (TOC) SUPPORT

## For Patients, Caregivers, and Healthcare Providers

INSUPPORT® can assist patients who receive treatment with SUBLOCADE® (buprenorphine extended-release) with transitioning to a new provider.

### Locate a Provider

To find a treatment provider, visit the **Find a SUBLOCADE Treatment Provider Tool**.

- If you are a patient, <https://www.INSUPPORT.com/specialty-product/patient>
- If you are a provider, <https://www.INSUPPORT.com/specialty-product/transition-of-care>

To find a facility based on your type of insurance, and other treatment resources, please visit the Substance Abuse and Mental Health Services Administration (SAMHSA) at [findtreatment.gov](http://findtreatment.gov).

#### Tips to identify a provider

- Provider offers treatment with SUBLOCADE
- Provider accepts your health insurance
- Provider is accepting new patients
- Provider can schedule an appointment by the next injection due date

INSUPPORT can help confirm that the provider selected meets these important requirements.

#### **WARNING: RISK OF SERIOUS HARM OR DEATH WITH INTRAVENOUS ADMINISTRATION; SUBLOCADE RISK EVALUATION AND MITIGATION STRATEGY**

- **Serious harm or death could result if administered intravenously. SUBLOCADE forms a solid mass upon contact with body fluids and may cause occlusion, local tissue damage, and thrombo-embolic events, including life threatening pulmonary emboli, if administered intravenously.**
- **Because of the risk of serious harm or death that could result from intravenous self-administration, SUBLOCADE is only available through a restricted program called the SUBLOCADE REMS Program. Healthcare settings and pharmacies that order and dispense SUBLOCADE must be certified in this program and comply with the REMS requirements.**

Please see full [Prescribing Information](#), including **BOXED WARNING** and [Medication Guide](#), or go to [SUBLOCADE.com](http://SUBLOCADE.com). For REMS information, visit [www.SUBLOCADEREMS.com](http://www.SUBLOCADEREMS.com).
