

INSUPPORT[®] was created by Indivior to provide information on the access and reimbursement processes on behalf of appropriate eligible patients seeking treatment with SUBLOCADE[®] (buprenorphine extended-release)

**WARNING: RISK OF SERIOUS HARM OR DEATH WITH INTRAVENOUS ADMINISTRATION;
SUBLOCADE RISK EVALUATION AND MITIGATION STRATEGY**

- Serious harm or death could result if administered intravenously. SUBLOCADE forms a solid mass upon contact with body fluids and may cause occlusion, local tissue damage, and thrombo-embolic events, including life threatening pulmonary emboli, if administered intravenously.
- Because of the risk of serious harm or death that could result from intravenous self-administration, SUBLOCADE is only available through a restricted program called the SUBLOCADE REMS Program. Healthcare settings and pharmacies that order and dispense SUBLOCADE must be certified in this program and comply with the REMS requirements.

Please see accompanying full [Prescribing Information](#), including **BOXED WARNING**, and [Medication Guide](#) or go to SUBLOCADEHCP.com.

For REMS information, visit www.SUBLOCADEREMS.com.

The logo graphic consists of four overlapping chevron shapes pointing to the right. From left to right, the colors are dark blue, cyan, dark green, and light green. The text is positioned within the dark blue chevron.

BENEFIT COVERAGE INFORMATION

- Conduct a benefit investigation of the patient's insurance coverage for SUBLOCADE® (buprenorphine extended-release) for the patient's current site of care
- Provide information on the prior authorization and appeals process from the patient's health insurance provider
- Confirm product acquisition requirements from the patient's health insurance provider
- If applicable, determine eligibility and enroll an eligible patient for the Copay Assistance Program for SUBLOCADE, or provide alternate funding information

TRANSITION OF CARE

For patients who are receiving treatment with SUBLOCADE and transitioning to a new healthcare setting to continue SUBLOCADE treatment, INSUPPORT® can help in the transition process by providing:

- Information on how to locate a community provider using the Substance Abuse and Mental Health Services Administration (SAMHSA) Behavioral Health Treatment Services Locator or Indivior's Find a SUBLOCADE Treatment Provider (FASTP)
- Confirmation that your patient's chosen community provider is willing and able to see the patient by the patient's next injection due date and is willing and able to administer an injection
- Benefit coverage information for SUBLOCADE based on your patient's new site of care
- Text reminders to the patient regarding their initial next injection due date or appointment with the new provider, if requested on the patient authorization
