Enroll patients in INSUPPORT using the INSUPPORT Portal

To Enroll:

STEP 1 Select the Patient Enrollment option

STEP 2 Indicate the requested program option(s)

BENEFIT COVERAGE INFORMATION

TRANSITION OF CARE SUPPORT

STEP 3 Complete all required steps on the Patient Enrollment Form in DocuSign, excluding the Patient Authorization, and submit to INSUPPORT

STEP 4 Request that your patient complete and submit the Patient Authorization Form to INSUPPORT (see reverse side for more information)

Capture Patient Authorization Remotely

Patient Authorization is required for enrollment in the INSUPPORT® Program. To complete the enrollment process, there are two options for capturing your patient's authorization electronically from the INSUPPORT Portal:

1. Using the “Request Patient Authorization” option, you can initiate an email request to a patient to complete and submit the Patient Authorization Form to INSUPPORT.

2. Using the “Patient” user option, patients may access, complete and submit Patient Authorization to INSUPPORT themselves.
