

SUBLOCADE[®] (buprenorphine extended-release) SPECIALTY PHARMACY PATHWAY

What is a specialty pharmacy?

A pharmacy that handles and stores specialty products and dispenses them to an office for a specific patient.

STEPS FOR USING A SPECIALTY PHARMACY

STEP 1: Order SUBLOCADE

Complete a referral for the chosen network specialty pharmacy. Fax the completed form with required signature(s), along with a valid prescription to the specialty pharmacy.

STEP 2: Determine coverage

The specialty pharmacy will determine coverage for the patient. The specialty pharmacy will provide the prior authorization (PA) form and provide information throughout the PA process.

STEP 3: Collect copay

The specialty pharmacy will contact the patient to collect the out-of-pocket costs or advise the patient of the cost that will be billed following the appointment.

If you enroll...

INSUPPORT[®] can conduct a benefit investigation to determine if using a specialty pharmacy is an option for the patient and which specialty pharmacy may be required by a plan.

Enrollment is not necessary for a list of current network specialty pharmacies. To see all SUBLOCADE network specialty pharmacies, visit www.INSUPPORT.com.

INSUPPORT can provide PA appeal information in the event a PA is denied at the specialty pharmacy and an appeal option is available from the patient's health insurance plan.

INSUPPORT can enroll an eligible patient into the Copay Assistance Program* for SUBLOCADE, if requested.[†]

*The INSUPPORT Copay Assistance Program[®] is valid only for patients with private insurance who are prescribed SUBLOCADE for on-label use. Patients with government insurance are not eligible for the Copay Assistance Program, including, but not limited to, Medicare, Medicaid, Medigap, VA, DoD, TRICARE, CHAMPVA, or any other federally or state-funded government assisted program. Other restrictions apply. Visit INSUPPORT.com to view complete Terms & Conditions.

[†]Copay assistance to eligible patients may not be sufficient to cover the entire cost of copay.

WARNING: RISK OF SERIOUS HARM OR DEATH WITH INTRAVENOUS ADMINISTRATION; SUBLOCADE RISK EVALUATION AND MITIGATION STRATEGY
