

SUBLOCADE[®] (buprenorphine extended-release) SPECIALTY PHARMACY PATHWAY

Steps for using a specialty pharmacy

A specialty pharmacy handles and stores specialty products and dispenses them to an office for a specific patient.

1 Order SUBLOCADE
Complete a referral for the chosen network specialty pharmacy and send the completed form along with a valid prescription to the specialty pharmacy.

2 Determine coverage
The specialty pharmacy will determine coverage for the patient and may provide the prior authorization form and information throughout the prior authorization process.

3 Collect copay
The specialty pharmacy will contact the patient to collect the out-of-pocket costs.

4 Receive shipment
Once SUBLOCADE is approved for the patient, the specialty pharmacy will work with your office to coordinate shipment in conjunction with the patient's appointment.

5 Administer SUBLOCADE
Following the administration of SUBLOCADE to the patient, the health care provider will submit a claim to the payer.

6 Refill prescription
If applicable, the specialty pharmacy will refill SUBLOCADE when appropriate and contact your office to coordinate the next shipment.

**WARNING: RISK OF SERIOUS HARM OR DEATH WITH INTRAVENOUS ADMINISTRATION;
SUBLOCADE RISK EVALUATION AND MITIGATION STRATEGY**

- **Serious harm or death could result if administered intravenously. SUBLOCADE forms a solid mass upon contact with body fluids and may cause occlusion, local tissue damage, and thrombo-embolic events, including life threatening pulmonary emboli, if administered intravenously.**
- **Because of the risk of serious harm or death that could result from intravenous self-administration, SUBLOCADE is only available through a restricted program called the SUBLOCADE REMS Program. Healthcare settings and pharmacies that order and dispense SUBLOCADE must be certified in this program and comply with the REMS requirements.**

Why enroll in INSUPPORT®?

INSUPPORT can:

- Conduct a benefit investigation to determine if using a specialty pharmacy is an option and which specialty pharmacy may be required by a plan
- Assist with prior authorization appeal in the event a prior authorization is denied at the specialty pharmacy and an appeal option is available from the patient's health insurance plan
- Enroll an eligible patient into the Copay Assistance Program* for SUBLOCADE® (buprenorphine extended-release), if requested[†]
- Coordinate communication directly with the specialty pharmacy to support the patient's case, if needed
- Provide information on product-specific billing and coding information and proper storage requirements based on the Prescribing Information for SUBLOCADE.[‡]

Healthcare providers (HCPs) should review federal, state, and local requirements about storing controlled substances. HCPs are responsible for ensuring all information submitted on or with the claim is accurate, complete, and applicable to the claim being filed. Indivior® makes no representations or warranties or guarantees of any kind relating to access, coverage, or reimbursement.

Contact a Patient Access Specialist to assist at any step in the process by visiting [INSUPPORT.com](https://www.insupport.com).
