FOR PATIENTS, CAREGIVERS, AND HEALTHCARE PROVIDERS

INSUPPORT® can provide assistance to patients transitioning to a new healthcare setting for the continuation of SUBLOCADE® (buprenorphine extended-release) treatment.

- Assist in identifying a new treatment provider
- Confirm that the provider is accepting new patients and able to administer SUBLOCADE
- Determine that the provider is able to see the patient by the patient's next injection due date
- Schedule the patient's first appointment with the new provider

To enroll in TOC support, complete the **Patient Enrollment Form for SUBLOCADE**, and email the completed form to enroll@insupport.com or fax all pages to 844-814-0669. The Patient Enrollment Form can also be completed electronically at [INSUPPORTportal.com](https://www.insupport.com/enrollment).

Begin Treatment With New Provider

The patient should stay on their current treatment schedule with their new provider. For additional resources that may help with the transition, visit [INSUPPORT.com](https://www.INSUPPORT.com).

Patients with private insurance may work with their new provider to see if they are eligible to lower their out of pocket costs for SUBLOCADE through the INSUPPORT Copay Assistance Program.* Eligible patients may enroll by following the enrollment steps on www.INSUPPORT.com/savings.

For more information, call INSUPPORT at **844-INSPPRT** (844-467-7778)
or visit [INSUPPORT.com](https://www.INSUPPORT.com)

*The Program benefit is valid for the out-of-pocket cost for SUBLOCADE only. It is not valid for any other out-of-pocket costs including costs associated with the administration of SUBLOCADE (for example, office visit or medication administration charges). Please see the Program [Terms and Conditions](#).

The INSUPPORT Copay Assistance Program is valid ONLY for patients with private insurance who are prescribed SUBLOCADE for on-label use. Patients with government insurance are not eligible for the Copay Assistance Program, including, but not limited to, Medicare, Medicaid, Medigap, VA, DoD, TRICARE, CHAMPVA, or any other federally or state-funded government-assisted program. Other restrictions apply.
