

# TRANSITION OF CARE (TOC) SUPPORT

## For Patients, Caregivers, and Healthcare Providers

INSUPPORT® may assist patients seeking information about treatment with SUBLOCADE® (buprenorphine extended-release). Patients transitioning to a new provider can receive assistance throughout the treatment journey, see below for additional details.

### Locate a Community Provider

To find a treatment provider who is waived to provide SUBLOCADE, visit the Find a SUBLOCADE Treatment Provider Tool.

- If you are a patient, go to: <https://www.INSUPPORT.com/specialty-product/patient>
- If you are a provider, go to: <https://www.insupport.com/specialty-product/transition-of-care>

To find a facility near you that can provide substance use treatment specific to your individual criteria (such as your type of insurance or preferred medication), you can visit the Behavioral Health Treatment Services Locator provided by the Substance Abuse and Mental Health Services Administration (SAMHSA).

Go to <https://findtreatment.samhsa.gov/>

When identifying a community provider, ensure the facility:

- Offers treatment with SUBLOCADE
- Accepts the patient's health insurance
- Is accepting new patients
- Can schedule an appointment by the next injection due date

INSUPPORT can help confirm that the provider selected meets these important requirements.

#### WARNING: RISK OF SERIOUS HARM OR DEATH WITH INTRAVENOUS ADMINISTRATION; SUBLOCADE RISK EVALUATION AND MITIGATION STRATEGY

- **Serious harm or death could result if administered intravenously. SUBLOCADE forms a solid mass upon contact with body fluids and may cause occlusion, local tissue damage, and thrombo-embolic events, including life threatening pulmonary emboli, if administered intravenously.**
- **Because of the risk of serious harm or death that could result from intravenous self-administration, SUBLOCADE is only available through a restricted program called the SUBLOCADE REMS Program. Healthcare settings and pharmacies that order and dispense SUBLOCADE must be certified in this program and comply with the REMS requirements.**

Please see full [Prescribing Information](#), including **BOXED WARNING** and [Medication Guide](#), or go to [SUBLOCADE.com](http://SUBLOCADE.com).

For REMS information, visit [www.SUBLOCADEREMS.com](http://www.SUBLOCADEREMS.com).

## Request Support

INSUPPORT®'s TOC Support can provide important information to accommodate a successful transition process. INSUPPORT can help:

- Review insurance benefits
- Send text reminders (patient must opt in) regarding an upcoming injection due date or appointment with the new provider
- Identify a facility that is able and willing to administer a SUBLOCADE injection
- Confirm that the patient's chosen community provider is able to see the patient by the patient's next injection due date

Enroll electronically at [www.INSUPPORTportal.com](http://www.INSUPPORTportal.com) or via the [INSUPPORT Patient Enrollment Form](#).

## Understand Next Steps After Selecting a Community Provider

Prior to changing healthcare settings, patients should obtain contact information for their new provider and learn their first appointment date and time, if scheduled. It is important for patients to know their next injection due date to maintain uninterrupted SUBLOCADE treatment.

## First Appointment Reminder

INSUPPORT can provide a text reminder to the patient 3 calendar days prior to the appointment, if the patient requested text reminders on the enrollment form. Appointment details can be sent through INSUPPORT's Patient Appointment Confirmation sheet.

## Begin Treatment With New Provider

Patients with private insurance can work with their new treatment provider to obtain information about how they may be able to lower their out-of-pocket cost for SUBLOCADE through enrollment in the INSUPPORT® Copay Assistance Program.\* Restrictions apply.

As the patient continues treatment, INSUPPORT can support the patient and new provider with information on the access process for SUBLOCADE.

For more information, visit [www.INSUPPORT.com](http://www.INSUPPORT.com)  
or call INSUPPORT at **844-INSPPRT** (844-467-7778).

\*The Program benefit is valid for the out-of-pocket cost for SUBLOCADE only. It is not valid for any other out-of-pocket costs including costs associated with the administration of SUBLOCADE (for example, office visit or medication administration charges). Please see the Program [Terms and Conditions](#).

The INSUPPORT® Copay Assistance Program is valid ONLY for patients with private insurance who are prescribed SUBLOCADE for on-label use. Patients with government insurance are not eligible for the Copay Assistance Program, including, but not limited to, Medicare, Medicaid, Medigap, VA, DoD, TRICARE, CHAMPVA, or any other federally or state-funded government-assisted program. Other restrictions apply.
